HOOFLAND'S GERMAN BITTERS,

AND

Hoofland's German Tonic.

THE GREAT REMEDIES

FOR ALL DISEASES OF

THE LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they are medically termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixture of any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters, with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

Hoofland's German Bitters.

Those who have no objection to the combination of the Bitters, as stated, will use

Hoofland's German Tonic.

They are both equally good, and contain the same medical virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathizing as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

CONSTIPATION, FLATULENCE, INWARD PILES, FULLNESS OF BLOOD TO THE HEAD, ACIDITY OF THE STOMACH, NAUSEA, HEART-BURN, DISGUST FOR FOOD, FULLNESS OR WEIGHT IN THE STOMACH, SOUR ERUCTATIONS, SINKING OR FLUTTERING AT THE PIT OF THE STOMACH, SWIMMING OF THE HEAD, HURRIED OR DIFFICULT BREATHING, FLUTTERING AT THE HEART, CHOKING OR SUFFOCATING SENSATIONS WHEN IN A LYING POSTURE, DIMNESS OF VISION, DOTS OR WEBS BEFORE THE SIGHT, DULL PAIN IN THE HEAD, DEFICIENCY OF PERSPIRATION, YELLOWNESS OF THE SKIN AND EYES, PAIN IN THE SIDE, BACK, CHEST, LIMBS, ETC., SUDDEN FLUSHES OF HEAT, BURNING IN THE FLESH, CONSTANT IMAGININGS OF EVIL, AND GREAT DEPRESSION OF SPIRITS.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possesses true merit, is skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. *In this connection we would* submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS

AND

HOOFLAND'S GERMAN TONIC.

PREPARED BY *DR. C. M. JACKSON,* PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any Cause whatever; PROSTRATION OF THE SYSTEM, induced by Severe Labor, Hardships, Exposures, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will instil new life into the veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health; or, to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK AND DELICATE CHILDREN

TESTIMONIALS.

Hon. Geo. W. Woodward,

Chief Justice of the Supreme Court of Pa., writes:

Philadelphia, March 16, 1867.

"I find 'Hoofland's German Bitters' is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours truly, GEO. W. WOODWARD."

Hon. James Thompson,

Judge of the Supreme Court of Pennsylvania.

Philadelphia, April 28, 1866.

"I consider 'Hoofland's German Bitters' a *valuable medicine* in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect, JAMES THOMPSON."

From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes. Yours, very respectfully,

J. H. KENNARD,
Eighth, below Coates St.

From Rev. E. D. Fendall,

Assistant Editor Christian Chronicle, Philada.

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from diseases arising from derangement of the liver. Yours truly, E. D. FENDALL.

THE GREATEST JOY.

Of all the joys vouchsafed to man,
In life's tempestuous whirl,
There's naught approaches heaven so near
As sleighing with a girl;
A rosy, laughing, buxom girl;
A frank, good-natured, honest girl;
A feeling, flirting, dashing, doting,
Smiling, smacking, jolly, joking,
Jaunty, jovial, poser-poking,
Dear little darling, with a red hat and white
feather, who snuggles right up against your
waistcoat, and lets you assist her in holding her muff;
Who laughs at you a mouth of power—
A dear little duck of a girl.

Pile up your wealth a mountain high,
You sneering, scoffing churl;
I'll laugh as I go dashing past
With my jingling bells and girl—
The brightest, dearest, sweetest, girl;
The trimmest, gayest, neatest girl;
The funniest, flushest, frankest, fairest,
Roundest, ripest, roguishest, rarest,
Spunkiest, spiciest, sensiblest, squarest,
Best of girls, with drooping lashes,
Half concealing amorous flashes—
Just the girl for a chap like me
To court, and love, and marry, you see—
With rosy cheeks and clustering curls,
The sweetest and the best of girls.

THE PRINTER'S CONSOLATION.

Tell me, ye winged winds,
That round my pathway play,
Is there no place on earth
Where printers get their pay?
The whispering breeze went by—
With accents filled with woe,
A voice borne on the sorrowing air,
In sadness answered, "No."

Tell me, ye flowing streams,
That smoothly glide along,
Is there no cherished place
Where printers meet not wrong?
The gentle brook replied
In murmur soft and low,
And winding on its verdant way,
It meekly answered, "No."

Tell me, ye murky clouds,
Now rising in the west,
Is there upon the globe
One spot to printers blest?
The flashing clouds out-spoke,
With an indignant glow—
A voice that filled the earth with awe,
In thunders answered, "No."

Tell me, hard-hearted man,
Withholding day by day,
Is there no honor in thy breast
The printer's bill to pay?
Unanswered turned he round—
How plain his actions show—
An uttered oath-capt sound is heard,
His actions answer, "No."

Tell me, ye gentle nymphs,
Who bless life's hour through,
Is there one sacred shrine
Where printers get their due?
A mantling blush her cheek suffused,
Did ten-fold grace impart,
A soft responsive sigh replied—
"'Tis found in woman's heart."

Tell me, angelic hosts,
Ye messengers of love,
Shall suffering printers here below
Have no redress above?
The angel band replied—
"To us is knowledge given,
Delinquents on the printer's books
Can NEVER enter Heaven."

THE ALPINE HORN.—The Alpine horn is an instrument made of the bark of a cherry tree, and, like a speaking trumpet, is used to convey sounds to a distance. I have heard that when great the last rays of the sun gild the summit of the Alps, the shepherd who inhabits the highest peak of these mountains takes his horn and cries with a loud voice, "Praised be the Lord." As soon as the neighboring shepherds hear him, they leave their huts and repeat these words. The sounds are prolonged many minutes, while the echoes of the mountain and grottoes of the rocks repeat the name of God. Imagination cannot picture anything more solemn or sublime than such a scene. During the silence that succeeds, the shepherds bend their knees and pray in the open air, then repair to their huts to rest. The sunlight gilding the tops of these stupendous mountains, upon which the vault of heaven seems to rest, the magnificent scenery around, and the voices of the shepherds sounding from rock to rock the praise of the Almighty, fill the mind of every traveler with enthusiasm and awe.

FAITH VS. PRACTICE.—A practical philanthropist, who picks drunkards out of the mire, gets them washed and clothed and restored to their right minds, once visited a poor widow on a cold winter day. A clergyman was trying to console her. "Have faith in Christ," said he, "He will help you." Quoth the practical man, "It is not faith in Christ she lacks; she has as much of that as you or I; it is wood she stands in need of. Her faith will not save her, with the thermometer at zero. Do you think the Savior will come and tip up two feet of wood at the door? No such thing. She has got faith, but wants firewood!" The missionary went his way; there was no more that he could do. The practical man had the wood there in an hour.

A LITTLE SERMON.—Some times I compare the trouble we have to undergo in the course of a year to a great bundle of faggots, far too large for us to lift. But God does not require us to carry the whole at once. He mercifully unties the bundle, and gives us one stick, which we are able to carry to-day, and then another which we are able to carry to-morrow, and so on. This we might easily manage if we would only take the burden appointed for us each day; but we choose to increase our trouble by carrying yesterday's stick over again to-day, and adding to-morrow's burden to our load before we are required to bear it.

CONUNDRUMS.—When is a hen most likely to hatch?

When she is in earnest. (In her nest.)

What did the feather when it first sprouted say to the duck?

I'm *down* on you this time.

Why is a man who makes additions to false rumors, like one who has confidence in all that is told?

Because he *re-lies* on all he hears.

WHEN Haddock's wife kicked him out of bed, said he, "Look here, now! you had better not do that again; if you do, it will cause a coldness in this family."

ARCHDEACON HARE says that often people fancy the world is becoming Christian, when the fact is Christianity is only becoming worldly.

A CONNECTICUT girl of sweet sixteen married a youth of nineteen some weeks ago, and now applies for a divorce on the ground of jealousy.

A SMART lad, hearing his mother remark that she was fond of music, exclaimed, "Then why don't you get me a drum?"

CAUGHT IN MY OWN TRAP.

Dora and I had been silent fully fifteen minutes—an unusual occurrence for us—when she suddenly broke out into one of her gayest, sweetest peals of laughter. The cars were going at the rate of forty miles an hour, but Dora's laugh rang out above all their noise and confusion.

"What is it, Dora, you witch you?" I said, halfpiqued that she had not at first told me what pleased her, and laughed afterwards.

"Nothing, Nell, only I was just thinking of something funny. Do you see that gentleman just in front of us, with the beautiful black whiskers and dreamy brown eyes? Well, he's been watching you behind that book for the last half hour, looking as if he would love to take a bit of the red rose on your cheeks. Don't blush, but he's in love with you, I'll bet my gold thimble on it. I was just thinking of some of the stories I have read about young ladies mistaking handsome young fellows for their brothers, etc., and thought what fun it would be if you could only manage to mistake that gentleman for your brother Fred."

I was ready for the fun in a moment.

"Tell you what I'll do," I broke out eagerly. "You know I haven't seen Fred since I went to school, three years ago, and of course he's changed a great deal since then. Well, if that literary gentleman with brown eyes (he is handsome, isn't he, Dora?) should get off at our station, I'll wait till he gets mixed up in the crowd, see him suddenly for the first time, rush up to him in a flutter of delight, call him brother Fred, and give him such a kissing as he hasn't had since he saw his sweetheart last."

"Yes, I would, if I were you," said Dora, sarcastically. "You daren't, you know."

"Don't I dare, though? wait and see?"

And so I dropped back into the cushion in silence till the train stopped at our station.

Dora gave me a wicked look and whispered that she knew my courage would fail me, for the gentleman was really getting off.

I was not to be triumphed over, though; and as we stepped out on the platform I saw the literary gentleman standing amidst the crowd, and with a little bound threw myself in his arms, and kissing him full in the mouth, hysterically exclaimed—

"Fred, you dear brother, how do you do?"

I caught a glimpse of Dora—she was in danger of going into convulsions. I was expecting to hear the stranger say, confusedly, that there was some mistake, but, to my surprise, he gave me a hearty embrace—kissed me two or three times—said he was well—that I had grown a great deal; and inquired for my little friend Dora—who, all this time, was exciting the sympathies of the crowd, as they supposed she was insane, judging from her frantic laughter.

"Father and mother are expecting you, Nellie, and are so impatient they can scarcely wait to see you. I was afraid you would not know me, but I am really glad that my image had been treasured up so carefully in my sister's heart."

I was bewildered beyond measure. It really was Fred, then, and I had not known him! I felt slightly ridiculous, and while introducing Dora to my brother, whispered her to keep quiet in reference to my intended trick.

I was, too much confused to think of inquiring how he came to be in the cars without seeing me; so we all went to the carriage which was waiting for us, and drove rapidly to our home.

I had never known Fred to be so affectionate. He held my hands in his own all the time, and kissed me at unnecessary intervals; but to tell the truth, I had never loved him half so well before—never thought him half so handsome.

We reached the gate. Mother kissed me and cried over me; father repeated it; and finally a frank, hearty voice broke out with—

"Hello, sis! aren't you going to notice your scapegrace of a brother at all?"

And to my astonishment a handsome fellow I had not yet seen gave me a genuine hug, and a kiss that you could have heard across the yard.

"There is some mistake," I murmured; "are you my brother Fred? I thought that gentleman was," pointing to the handsome gentleman I had embraced at the depot.

"Why, sis, are you crazy? Of course I'm your brother, and that fellow there is my college chum, Archie Winters, who went half way up the line to meet you. What are you blushing at, Nell? I didn't have time to go, and let him take your picture with him, so that he would be sure and know you. He's been playing off some of his mad pranks, and passing himself off for me, I'll warrant."

I looked at Archie Winters beseechingly, and as they were all going into the house, I whispered to him—

"For pity's sake, do not speak of that mistake. How could it have happened?"

"I overheard you talking in the cars, and will keep your secret on one condition."

He whispered something to me that made my face flush scarlet; but I was at his mercy, and said I would think of it; and, reader, to the delight of the whole family—Dora and Fred in particular—Archie and I were married in less than six months. And Dora said to me, as I bade her good-bye, that it would give unspeakable delight to Fred and herself, if I would attend their wedding in a month to come, and I did so.

THE people of Pierceton, Indiana, were regularly sold the other day. A travelling dentist went around and proposed to insert fine sets of false teeth at a very low price, and wait six months for his pay. He only demanded that the parties should pay him down for pulling the old stumps. All the old women with poor teeth, and all the young ones with yellow ones, came to the doctor, had the unsightly grinders, &c., removed, and paid for the job. The next day the doctor was missing, and has not been heard from since.

A FEW years ago the ladies wore a kind of hood called "kiss me if you dare." The present style of bonnet might be called, with equal propriety, "kiss me if you want to."

DEMOCRATIC STATE CONVENTION.

Nominations, Resolutions, Speeches, &c.

HARMONY AND ENTHUSIASM.

Pursuant to the call of the State Central Committee, the Democratic State Convention met, in the Hall of the House of Representatives, at Harrisburg, on the 4th inst. The attendance was the largest ever witnessed at a State Convention in Pennsylvania, the number present being estimated at five thousand.

At 12 o'clock, M., Hon. Wm. A. Wallace, Chairman of the State Central Committee, called the Convention to order. Every district was found to be fully represented. J. P. McDivit, Esq., appeared as the delegate from this Senatorial district, and Daniel Geiselman, Esq., delegate from this Representative district.

The list of delegates having been called, Mr. Wallace proceeded to address the Convention, as follows:

ADDRESS OF HON. W. A. WALLACE.

Gentlemen of the Convention: The political events of the past year are full of reasons for pride in your strength and confidence in your future.

Success has crowned your efforts and the great principles of civil liberty and constitutional government have asserted their power over the minds of the people.

These great doctrines gave birth to our organization, and when we are defeated in their support, like the fabled Antæus when hurled to his mother earth we gather therefrom renewed vigor and arise stronger and more determined than before.

The war and its attendant train of horrors are remembered in sadness. Reason resumes its throne, and designing men can no longer attain their selfish ends by appeals to passion. Christian charity now fills the place that rancor had usurped and hate and bitterness are slowly passing away.

The Radical party have shown their incapacity to govern the Republic, and the mass of their own adherents recognize the fact.

Famine and crime, military rule, insecurity of life and property, the negro dominant, the white race oppressed, are the proofs of this in one section, while grinding taxation, uncertainty in business and financial distress pervade the other.

It has given us "a broken and dissevered Union;" corruption and extravagance in the use of the public money, confusion in monetary affairs, and mismanagement of the immense revenues it has wrung from the people.

It can unite upon no policy, but the perpetuation of its own power. In the mad spirit of faction, it seeks to strip the Executive of his prerogative, and to ignore the sacred functions of the Judiciary.

It tramples upon the organic law, reverses our traditions, and brands as criminal every attempt to stay its wild career.

Our form of government is the external evidence of our capacity for self-government, for governments are what the people make them.

If we can govern ourselves, we can sustain the government we love, and can safely trust to the force of ideas, to the march of mind, to public opinion, to crush with the ballot those who, through the forms of law, attack the vital spirit of our institutions.

The people have ordained a free system of laws and a complex yet simple organism; the people, the States and the Union. The preservation of the rights of each of these is essential to the existence of the whole.

To maintain these they have created the three great co-ordinate branches of the government; the Executive, the Legislative, and the Judicial. Public good and private rights demand the preservation of the integrity of each.

Sovereignty is in the people; the government is their creature, woven to protect their liberties; its division into independent branches was of the very essence of the system; the destruction of either, is a stride toward tyranny. The organic law defines the powers of each, and to that law each must be conformed.

The Constitution is the Supreme law. It is the only evidence of the powers granted by the States and the people. It must be strictly pursued and implicitly obeyed. To sustain these truths more than three hundred thousand men, in conscious strength and quiet dignity, await your call, and this day speak through you for obedience to law, for the Government of the Constitution and for the Federal Union of the States.

Hon. Wm. M. Randall, of Schuylkill county, was chosen temporary Chairman. He was greeted with tremendous applause on taking the chair, and responded with the following address:

ADDRESS OF HON. WM. M. RANDALL.

Gentlemen of the Convention: It is needless for me to say that I thank you for the honor you have conferred in calling me to temporarily preside over the deliberations of this convention. Impressed with its due importance, I shall use my best endeavors to discharge my duties faithfully and fearlessly. I have no ambitious motives to gratify, but look singly to the success of the Democratic party in the coming struggle. We are on the eve of opening the Presidential campaign, and if we desire success in our deliberations they must be conducted with wisdom and judgment. We must bury all past differences and animosities, and unite in one solid phalanx to defeat our ancient enemy, who is arrayed *before us, and whose only name* really is, "opposition to the Democratic party." The success of our party is imperatively demanded—not on account of the advancement of individuals—but that not only the welfare of, but the very essence of the Government itself may be saved. Examine with me for a moment the action of the party we are compelled to overthrow, and find every material interest of the State and nation on the verge of ruin—look into the national councils that should be the representatives of the people, and find the Executive branch of the Government enslaved—the Judiciary of the nation curtailed of its prerogatives, and the legislative, which under our form of government is but a co-ordinate branch, assuming the entire power and control of the national trinity, in a way too, that has been deemed by all the great legal minds of the country inimical to the unity of the nation, if not violative of the organic law.

To do this, we go to the people and show them the barren results of the war in which our sons and brothers lost their lives to maintain the honor of the flag and the unity of the States—and they will demand in thunder tones that disunion shall not be declared an accomplished fact by Radical secessionists of the North, in times of peace, when it could not be accomplished by war, in another section of the Union. They will demand further, that the civil shall not become subordinate to the military power, and that the Executive of the nation shall not be ignominiously ejected from his office for the sole purpose of maintaining an unscrupulous and corrupt party in power. Let us then in our selections to-day place men upon our ticket whose public and private characters are spotless, and when they are thus placed there—let us advance to the ballot-box to ensure their success, animated by the same spirit that made the old hero of the Hermitage declare "The Federal Union, by the Eternal, it must and shall be preserved."

A committee of one from each Senatorial district to report permanent officers of the Convention was then chosen. J. P. McDivit represented this district on the committee.

On the opening of the afternoon session, permanent officers were reported—Hon. Wm. Hopkins, of Washington, for President, with thirty Vice Presidents and eight Secretaries. Daniel Geiselman, Esq., was one of the Vice Presidents. Mr. Hopkins made a brief speech on taking the chair; after which a committee on resolutions was selected—Wm. S. Stenger, Esq., representing this Senatorial district on the committee.

Preliminary nominations were then made for Auditor General, Surveyor General, Delegates and Electors at Large.

The evening session opened at 7 o'clock.

On motion, the Convention proceeded to select Representative Electors, and Congressional Delegates to the National Convention, with the following result:

ADDRESS OF HON. G. O. DEISE.

Mr. Deise, of Clinton, being called upon, said: The time for talking has passed—the time for action has arrived. We meet as a victorious party—as a party of the Constitution and the Union of the States—as a party determined to fight to the end the revolutionary Rump mob at Washington. Go to the people—tell them that as the Radical party has violated the Constitution—insulted the Judiciary—that their liberties are in danger. Tell them that as the Democratic party has defended the Constitution from the first, so will they defend it now. Tell them that Democrats with strong arms and willing hearts are ready to defend the Union as of old. Where the supremacy of the law is upon one side, and a Radical Rump Congress upon the other, there can be no mistake.

The law must prevail. The Union must be preserved in all its integrity.

Mr. M'Candless followed, in a brief address, during which the Committee on Resolutions arrived, and the chairman, Hon. Gaylord Church, made the following report, which was adopted:

Resolved, That the happiness of the people and the preservation and continuance of our power as a Republic, depend upon the perpetuity of the Union and the preservation of the constitution; and the prompt restoration of each and all of the States to the enjoyment of their rights and functions in the Union is essential to our progress, to our prosperity, and to the protection of our liberties; and radical legislation is the sole barrier thereto.

2. That the Constitution of the United States is the supreme law, is binding upon the people and upon every department of the Government, and it is the highest duty of those in and out of official place to yield implicit obedience to all its provisions, until it is changed in the manner provided therein; that the recent attempts of the Legislative branch of the Government to usurp the power of the Executive and to destroy the independence of the Judiciary, are deliberate attacks upon the plainest provisions of the Constitution, in utter violation of its spirit, and tend to the overthrow of the Government itself.

3. That the Radicals in Congress have wrung from the people enormous sums of money, which they have squandered in reckless extravagance; their system of taxation is ill-devised, incongruous and inequitable, and they have mismanaged the large revenues thus obtained; that rigid economy in every branch of the public service, a decrease in the number of the officials, reduction in the army and navy, and a reform in the mode of the collection of the revenue, are imperatively demanded, and only by these means can a reduction in the amount of taxation now imposed upon the industrial and manufacturing interests be attained and the payment of our indebtedness be assured.

4. That the Republican party is responsible to the country for the delay in the restoration of the Southern States to their just relations in the Union, and for the government of their people by military rule; that the purpose of these measures is to perpetuate Radical power through the votes of illiterate negroes, and that these are the great primary causes of the present prostrate condition of productive industry in all its departments.

5. That in enacting the Tenure of Office Law, the Legislative and Executive branches of the government, each for itself, had the right to judge of its constitutionality, and that, in so exercising the right, the Executive was but obeying that portion of his oath of office which requires him to "preserve, protect and defend the Constitution of the United States," and that it is the right of every branch of the government, and of every citizen, to have questions involving the constitutionality of any law speedily adjudged by the Supreme Court of the United States, and all the people to have said decisions enforced.

6. That the pending impeachment of the President of the United States is a gross and reckless abuse of partisan power, without justifiable cause, and intended for the attainment of party purposes, at the sacrifice of the most vital interests of the country.

7. That a return to a specie paying basis at the earliest practicable moment is essential to the interests of the people and the prosperity of the nation.

8. That the national debt should be paid as rapidly as is consistent with the terms of the laws upon which its several loans are based.

9. That the five-twenty bonds and the legal tender notes are component parts of the same financial system, and *until the Government is able to redeem the legal tenders in coin*, the holders of those bonds should be required to receive legal tenders in payment.

10. That every species of property should bear its fair proportion of taxation, and that the exemption of the Government bonds therefrom is unjust and inequitable.

11. That we recognize with emotions of the deepest gratitude the efforts of the gallant volunteer soldiery, who so freely took up arms to defend the flag and prevent the destruction of the Union; and that we denounce as an insult to them the efforts of the Radicals to prevent a restoration of the Union until negro supremacy is established in certain States, and negro equality made the rule in all.

12. *That the naturalization of foreign born citizens places them upon the same footing as those born in the country, and it is the duty of the Government to see that all citizens, naturalized or native, are protected in their rights of life, liberty and property abroad, as well as at home, and that in the view of the Democracy, the flag of the country ought and must be made to protect all our citizens.*

Mr. Turner, of Luzerne, offered the following resolution, which was agreed to:

Resolved, That the delegates from Pennsylvania to the National Convention, be and they are hereby instructed to vote as a unit for President and Vice President, as well as upon the Platform.

The ballotings were then commenced. The first for Auditor General resulted: A. D. Markley 42, W. W. H. Davis 32, C. E. Boyle 31, J. Ziegler 8, with a dozen "scattering." The second ballot resulted: Markley 51, Boyle 42, Davis 28, and 8 "scattering." The third; Boyle, 66, Markley 61—and Mr. Boyle was declared nominated.

For Surveyor General but two ballots were had. The first resulted: P. F. Collins 40, John M. Cooper 38, D. Carskaddon 35, W. H. Ent 12. The second resulted: Ent 71, Cooper 37, Carskaddon 18. Gen. Ent was declared nominated.

Hons. Geo. W. Woodward, Wm. Bigler, Asa Packer and Isaac Hiester were chosen Delegates at Large to the National Convention—and Wm. V. McGrath and Geo. W. Cass Electors at Large.

On motion, the Hon. Wm. A. Wallace was re-elected Chairman of the State Central Committee for the ensuing year.

GLORIOUS RESULTS!

Tremendous Democratic Gains in New York—Radicalism Routed—Democracy Dominant.

TROY, March 4.—Miles Beach, the Democratic candidate, was elected Mayor yesterday, by a majority of fourteen hundred and fifty. This is a gain of twelve hundred over last spring.

ROCHESTER, N. Y., March 4.—The charter election in this city yesterday, resulted in a decided triumph of the Democratic party. Henry S. Fish was re-elected *Mayor* by 888 *majority*, a *gain* of 492 from his majority last year.

[On the evening of the same day that the *House* of Representatives at Washington adopted the resolution ordering the impeachment of the President, the Radicals nominated their candidate for mayor. While the Convention was in session the despatch announcing the passage of the resolution was read and received with cheers. Spirited resolutions endorsing the action of Congress were immediately adopted, thus making the *impeachment question* a *direct issue.* The result above given shows a loss to them of 600 in round numbers.]

UTICA, N. Y., March 4.—J. Thomas Spriggs is elected Mayor of this city by four hundred majority. Gain over last year, two hundred and fifty.

LANSINGBURG, N. Y., March 4.—The Democrats are triumphant, and elect a Supervisor and Trustees. The Democratic gain is over three hundred. There is great rejoicing and serenades.

ELMIRA, N. Y., March 4.—The entire *general Democratic ticket* was elected here yesterday, and a majority of the Common Council elected are Democrats. Our majority for Mayor is nearly two hundred—Republican Mayor's majority last year was about eighty.

NEW YORK, March 4.—At the election held in Yonkers, Westchester county, yesterday, the majority of votes was sixty-two in favor of the Democrats.

RHINEBECK, N. Y., March 4.—R. L. Garretson (Democrat) was elected Supervisor yesterday by one hundred and *five majority. A Democratic gain of* three hundred and four.

FULTON, N. Y., March 4.—The town of Volney has elected the entire Democratic ticket by about four majority. At the election last year the Radical majority was one hundred and seventy-seven. The result of yesterday's election establishes a Democratic gain of two hundred and seventeen.

MILLERTON, N. Y., March 4.—At the town election held yesterday, the whole Democratic ticket was elected. Last year this town gave one hundred and twenty-seven Radical majority. The town of Amenia has also elected a full Democratic ticket with the exception of the town clerk. Amenia gave a heavy Radical majority last year.

PALMIRA, N. Y., March 4.—At the town meeting yesterday, the Democratic candidate, Charles D. Johnson, was elected by twenty-one majority.

BATAVIA, N. Y., March 4.—At the election in this town yesterday the entire Democratic ticket was carried by a *majority ranging from* 65 to 140. On every separate ticket there is a Democratic gain.

CORNING, N. Y, March 4.—The election in this town yesterday resulted in a Democratic majority of seventy-eight—a Democratic gain.

NEW YORK, March 4.—In eleven towns in Cattaraugus county, the Democrats have gained five Supervisors. Olean has become a Democratic town for the first time in five years, electing the whole Democratic ticket.

New Albion has gone Democratic against some seventy-five Radical majority last year. Hinsdale, called the Gibraltar of Radicalism, has elected the whole Democratic ticket. Ellicottville was last year Radical; this year Democratic by a large majority.

NEWBURG, N. Y., March 4.—The Republican majority in the election here is only 32. Last fall it was 143. The Democratic gain is therefore 111.

PORT JERVIS, N. Y., March 4.—At the municipal election held here yesterday *the whole Democratic ticked was elected* by an average majority of 80. Last fall the Republican majority was 7.

FISHKILL, N. Y., March 4.—The result of the town election in this place is a Democratic victory and a splendid Democratic gain. The whole Democratic ticket is elected by an average majority of 174. Our gain on Supervisor is nearly 200.

The Democracy have elected their Mayor in Des Moines, Iowa, by 94 majority, and in Montana, Iowa, by 27 majority.

GRANT FOR THE NIGGER.

Gen. Hancock, some time since, removed some of the aldermen and other city officers of New Orleans. He did so, because he declared that their conduct was so bad that they could not be tolerated. Nine of these officers were removed. *Seven of them were Negroes.* The other day *Grant issued an order commanding Hancock to restore these officers to the places from which he had removed them!* How do you like that, white soldiers? U. S. Grant has become the servile tool of the Negro Suffrage fanatics in Congress. *He appoints Negroes to office, by his own order.* Rich, isn't it?—*Bedford Gazette.*

AFRAID OF THE LAW.

The mongrel destructionists at Washington are afraid of the law, as a mad dog is of water. Last week, when Stanton had Gen. Thomas arrested and taken before the mongrel Judge Cartter, that functionary, boiling over with "loyalty," placed him under unusually heavy bonds for his appearance. After consulting with Stanton, and finding that holding Thomas to bail would bring the test before the Supreme Court, Cartter and Stanton backed square down, and discharged Thomas. They are afriad of the law, and dare not meet the issue like honest men. This seems to be the ruling feeling in Congress. Hence every means will be resorted to, in order to prevent an expression by the Supreme Court.—It matters not, however, the verdict of the people is already made out, and it will be delivered to the utter discomfiture of the disunionists, in November next.—*Jeffersonian.*

A WAR-WORN veteran of the Union army gets off the following on Gen. Grant:

Grant is in the condition of a boy who was about to start out in the world, and as he was a great favorite with his mother, though a complete simpleton, she gave him this piece of advice: "Now, Tom, keep your mouth shut and people will not know you are a fool!" Tom, a dutiful boy, remembered the maternal advice. He had been from home, however, but a little while, when an inquisitive old Yankee commenced asking some questions, and, upon his obstinate silence, turned away in disgust, exclaiming, "Bah, he's a fool." Tom went back to his mother, and his first words were, "Mother, I kept my mouth shut, but they found me out."

DEMOCRATIC STATE TICKET.

AUDITOR GENERAL,
Hon. CHARLES E. BOYLE, of Fayette county.

SURVEYOR GENERAL,
Gen. WELLINGTON H. ENT, of Columbia co.

THE STATE TICKET.

The Democratic Nominating Convention has placed before the people of the State, Hon. Charles E. Boyle and Gen. Wellington H. Ent, as our standard bearers in the coming campaign. One from the west—a civilian—the other from the east—a soldier—both honest, able, and meritorious, and combining all the elements of success.

The former, as a member of the lower House of the Legislature, during the sessions of 1866-67, distinguished himself for his sound judgment and knowledge of law, quickness and keenness in debate, and high regard for the interests of the tax-payers.

The latter, also a lawyer of fine abilities, entered the army as a private in the Sixth Reserve Regiment, and fought his way up to Lieutenant, Captain, Major, and Lieutenant Colonel, which latter position he honorably filled at the muster out of the regiment—and was at the close of the war brevetted a Brigadier General.

Both are men of integrity and talent, worthy of the highest respect and most devoted labors. But, in addition, they represent correct principles—the unity of the States, the Constitution of the Fathers, and the supremacy of the white race. With such candidates, upon such a platform, success is within our grasp. Democrats and Conservatives, prepare for action—prepare NOW—and cease not your blows until ruinous and revolutionary Radicalism, defeated and routed, fails to rise no more forever!

LIGHT! MORE LIGHT!

The coming Presidential election will be the most momentous in our history. The very existence of the republic will depend upon its result. All that men hold dear will be cast into the scale—and the decision will be either for a continuance of the Government as established by the Fathers, or for a military despotism, at once destructive of the rights of the people and ruinous to their interests. *Hence* the importance of *carrying* that election. That it can be carried in favor of the country's good, we honestly believe. But there will be work to do—incessant and vigorous work. The people must be aroused and enlightened as to the dangers which beset them. THE TRUTH must constantly be kept before them, at all times and in all places. How is this best to be done?—how is it *to be done at all?* Unmistakably, *by placing Democratic journals in their hands.* This is the lever that must accomplish the work—that must save the nation from the ruin which will inevitably follow a longer continuance of Radical rule. Enlighten the public mind, and a dispassionate and correct public judgment will follow.

In so important a work it is the duty of *every* Democrat and Conservative to take immediate steps. Too much depends upon it to excuse inactivity or delay. To be well done, *it must be quickly* done.

Local papers, *because* they are local, are always most effective, and therefore should first be given all possible *circulation.* Thus believing, we urge the Democrats of the county to enter upon this duty now—not next summer, or next fall, but *now.* The COMPILER will do its full share in the momentous campaign before us. No fact calculated to tell for the welfare of the country will be overlooked—and nothing left undone that may lead to the defeat of the enemies of the unity, the peace, the prosperity, and the happiness of the nation. Its increased circulation must result in good, and Democrats are therefore asked, for the interest of the cause in which their all is involved, to exert themselves in extending its already extensive list.

HONOR TO WHOM HONOR IS DUE.

A correspondent of the *Chambersburg Spirit* says: "Seeing an article in relation to the Border Relief Bill, in which the credit is given to Senator McConaughy for the manner in which the same was reported from the committee, allow me to say that it is due to the indefatigable exertions of Col. B. F. Winger, member from Franklin, that *it* was *reported* by the committee as it was, and the citizens of the county claiming damages cannot award too high praise and credit to the Colonel for the zeal with which he is *pressing* the passage of the Bill. In making this statement, I do it only for the purpose of awarding the credit to one justly entitled, but which another *now* desires to claim."

In this connection, the *Spirit,* very properly, thus refers to McConaughy: "A man who would hold a seat in a deliberative body *after* being *beaten* at the polls, and in defiance of the decision of the Supreme Court, would not scruple to 'blow his horn' through his own party papers and lay claim to credit that was not his due."

That's MCCONAUGHY's style. He is brazen enough for anything.

THE Spring Elections will be held on FRIDAY NEXT, (the 20th instant.) Democrats and Conservatives, bear this in mind, and be sure to TURN OUT. Wherever the Radicals may be *successful,* their leaders will claim an endorsement of their revolutionary policy—of negro suffrage, impeachment, and all the other ills they have brought or are trying to bring upon the country. White men, be forewarned! The Radical leaders are not inactive, but are quietly at work to carry doubtful and Democratic districts. Therefore, Democrats and Conservatives, be up and doing. Let nothing prevent you from performing your WHOLE DUTY on Friday next. *That done,* all will be well. But, DO IT!

THAD. STEVENS, the leader of the Radicals in Congress, has openly avowed that the House of Representatives was acting "outside of the Constitution."—And yet, while that body has constantly violated the organic law, they have the effrontery to arraign the *President of* their choice for high crimes and misdemeanors, because he exercised the powers accorded to all of his predecessors. How consistent!

B. WADE, of Ohio, was sworn in as a juryman in the impeachment trial on Friday last. Benjamin proposes to cast a vote which will help to make himself President *ad interim.* Benjamin is a modest and *self-sacrificing individual,* and was horrified when Senator Stockton voted on a question in which he was interested. But Benjamin being a Radical is supposed to be incapable of doing any wrong, and he is therefore willing to sit on a jury in a case in which he is interested, and from the result of which he hopes to reap a benefit!—*Age.*

Such is Radical honesty!

IMPEACHMENT.

Chief Justice Chase having taken his seat as presiding officer during the trial of the President, and the members of the Senate having been sworn as jurors, the Sergeant-at-Arms of that body, Mr. Brown, on Saturday, called at the White House to serve the summons in impeachment. It was a very brief proceeding, and did not at all disturb the President.

Upon the announcement of the ushers that the officer of the Senate desired to see Mr. Johnson, the latter directed Mr. Brown, the Sergeant-at-Arms, to be admitted. After the usual civil salutation, Mr. Brown said—"Mr. President, I have here a package which I am *ordered* by the Senate of the United States to deliver to you," at the same time handing a sealed envelop or package containing writ, &c. Mr. Johnson replied—"Very well, sir, it shall have my attention." Mr. Brown—"Good evening, Mr. President." Mr. Johnson—"Good evening, Mr. Brown," and *Mr. Brown* withdrew. Shortly afterwards the President opened the package, and found therein the writ, including a copy of the articles of impeachment, &c.

The attornies of the President will today put in an appearance in obedience to the summons, and then ask for a time that they shall deem sufficient to enable the answer to be framed and the defence prepared. Opinions vary, but the impression is somewhat general that twenty days will be allowed for filing an answer, if not thirty. This arranged, the day for trial will be fixed, and it may be that it will proceed instantly upon this making up of the issue. It is now thought that this disreputable Radical proceeding cannot be brought to a close before the middle of May. There is no telling what the end will be, though it is certain that the impeachers will stop at nothing to gratify their spite toward President Johnson.

MARYLAND SENATOR.

The Maryland Legislature, on Friday, elected Hon. George Vickers, of Chestertown, United States Senator, in place of Hon. Philip F. Thomas. Mr. Vickers appeared in the Senate and was sworn in on Monday, though Sumner and Nye raised objections thereto. Sumner declared *the government of* Maryland not republican in form, *because it did not allow negroes to vote!* Mr. Connes, Radical, of California, who does not like Sumner, promptly replied that under the principle ennunciated the whole government would be carried on by five New England States and the State of Wisconsin. Nye also tried his hand against Mr. Vickers's admission, by some claptrap about Gov. Swann's appointment of registers; but Reverdy Johnson squelched him with a few words. Sumner, *finding* that there was positively nothing by which he could sustain his position, then withdrew his motion to refer to the Judiciary Committee—and Mr. Vickers took the oath and was admitted as a Senator from Maryland.

The leading Radicals of the State seem to be *greatly* mortified that their friends in the Senate did not keep Mr. Vickers out *somehow,* no matter whether there was cause for it or not. But disappointments *will* come, and we are not wrong in supposing that there are myriads in store for the Radicals.

WAS IT YOU THAT SAID SO?

Was it you, John, or Jim, or George, it matters not about the name? Are you the man who proclaimed, a few years ago, that whenever the Republican party favored negro suffrage you would leave the party and vote and act with the opposition?

Are you the man who charged your neighbor with lying, because he claimed that the Republican party would eventually make that the issue; and called your God to witness, if it ever did, that you would end your connection with it forever?

Yes you are. Your neighbors and friends believed you sincere.

By that line of argument you induced some of them to vote with you. The time you referred to has arrived. What do you propose to do? If your love of country predominates over your political prejudice, the time has come when you will prove the sincerity of your words, by noble and magnanimous action.

Come, then, and go with us. All those in favor of a white man's government.

All those opposed to negroes sitting on juries and their election to office.

All those opposed to a standing army in time of peace.

All those opposed to an increase of the national debt in time of peace.

All those in favor of a speedy re-union of all the States, on terms of equality.

All those in *favor* of the Constitution *of the United States,* as signed by George Washington.

All those in favor of an honest and economical administration of the government.

Come and vote with us. Vote for honesty, economy and white supremacy. Begin to vote right now.

"IMPEACHMENT is plainly provided for in the Constitution," but only for treason and other high crimes and misdemeanors, and not for entertaining a desire to have the Union restored and the people rendered harmonious, prosperous and happy. The Constitution does not intend that an officer shall be impeached because he abandons a corrupt faction of political adventurers whose sole end and aim is to debase the ballot-box, destroy the Constitution and combine all the functions of government within themselves for the basest of individual purposes.—*Patriot & Union.*

THE Radicals of Maryland proved to be so strong at the last election in that State, failing to elect so much as a Constable, that they have come to the conclusion they can afford to divide their party. They split into two factions at the State Convention which met at Baltimore on Friday. One of the fragments is led by Judge Bond, and the other by Ex-Senator Creswell. We wish them both the fate of the Kilkenny cats, which they seem likely to realize.

THE Virginia papers have a story of a venerable African named Pharaoh Glass, who, having voted the Jacobin ticket, tied a twenty-five pound stone to his neck and drowned himself—his memorable last words being: "I gub de wrong vote—we all gub de wrong vote!" *It will thus be noticed that even some of* the niggers have discovered their mistake already, while a large number of whites have been voting the same ticket for years, yet they don't see it.

A NEGRO CAPITAL.—Is it not humiliating to reflect that under Jacobin rule, Washington, the *capital of our great* nation, is to-day governed by negroes? They have a majority, and are ruling our national capital as absolutely as they do any town in Liberia. What a bright people we are in the eyes of Europeans, when ignorant negroes govern the very city in which the capital of this great nation of white men is located!—*Sunbury Democrat.*

NEW HAMPSHIRE ELECTION.—The Radicals have re-elected their Governor in New Hampshire, by less than 2,000. They were certain of 5,000 majority, and used an immense amount of money to reach those figures. Last year the Democracy made considerable gains, reducing the Radical majority to about 3,200. Next fall, when the money of the Radicals will be required in so many different quarters, the State can be carried by the Democrats—and the belief is confidently entertained that they *will* carry it. The name of Grant, which was prominently thrown into this canvass, did not help the Radicals, and it cannot in the next.

New Hampshire has gone for the Radicals every year since 1854, and now, notwithstanding their immense advantages in patronage and *money,* they simply hold it—losing ground rather than gaining. The N. Y. *World* remarks:

Let the Radicals take warning that the fight will not be closed until the old Granite States wheels into the Democratic line, and joins the party that *carries* the flag and keeps step to the music of the Union. That consummation is nearer *now* than it was last year. Only a few months are needed for its accomplishment.

THE Democratic gains at the spring elections in Maine so far have been very cheering. The following are some of the gains over last fall's vote, at which time the Democracy gained 15,800 on the aggregate vote of the State: Portland 1,000, Lewistown 450, Gorham 85, Falmouth reclaimed, Windham 73, Cape Elizabeth reclaimed by 75, Bath 104, Saco 113. Nowhere in the State have the Radicals made gains or held their own.

THE New York Democracy have been doing wonders at the spring elections—making extraordinary and unexpected gains in almost every town and county. They have gained seventy-three supervisors, and got control of the municipal affairs of a couple of score of towns and cities. Rump Radicalism is no where in the Empire State.

NEW JERSEY ELECTIONS.—The returns *of the* charter elections in New Jersey show slight Radical gains at one or two points, owing to local causes, but the Democracy more than make up for that elsewhere, gaining generally even over the very large majorities of last fall, when we swept the State from one end to the other.

GOOD NEWS FROM MAINE!—President Johnson, on Monday night, received the following telegrams:

"Impeachers rebuked—Augusta gives sixty-one Democratic majority. It is the largest vote thrown. The Democratic gain is 500 on the vote of 1866." Also—"The home of Morrill and Blaine responds to impeachment by a *Democratic* victory, the first in twelve years. Mayor and Aldermen elected on the largest vote ever cast. Have confidence in the people."

MASSACHUSETTS.—The town of Westfield, Mass., on Monday, elected the Democratic ticket by 130 majority, revolutionizing *the political character of the* town.

EVERY ballot cast for a Radical candidate is a vote for negro suffrage, disunion and a consolidated Rump despotism.

THE RADICALS OF LANCASTER COUNTY VOTE AGAINST IMPEACHMENT.—The Lancaster *Intelligencer* says: On Saturday last the election for delegates to the Radical National and State Conventions came off in this county. The contest was exceedingly animated, and a very large vote was polled. The most remarkable feature connected with the affair is, that the faction which saw fit to rally their forces under a demand for *impeachment* were beaten.

A ticket was set up which bore a flag at the head, and the words FOR IMPEACHMENT, printed in staring job type, at the bottom. That ticket was badly beaten. Only two out of eight delegates were elected by the impeachment party, and they both succeeded through personal popularity alone. This defeat was the more remarkable, inasmuch as the Grand Army of the Republic was enlisted in support of the impeachment ticket. It was called "The Soldiers' Ticket" in fact. This is looked upon by Democrats and a large proportion of the Republicans as a rebuke to Thaddeus Stevens. The probabilities are that he could not be again nominated for Congress without serious opposition if he were to live and ask it.

THE "CONSTITUTIONAL ALLIANCE."—F. J. Tucker, the party who was arrested in New York for undertaking to raise troops to support the President in opposition to Congress, is in town for the purpose of furthering the interests of a national politico-military organization to be called the "Constitutional Alliance," and which is intended to be an offset to the "Grand Army of the Republic."—He asserts that twenty-eight sub-organiations of the "Alliance" have already been perfected in as many States, and that its ramification will speedily extend to every State and Territory in the Union. —*Wash. Star.*

THE *Patriot and Union* says, the Radicals of the House have allowed Geary $1,300 for postage, stationary and telegrams. If he don't manage to clear one thousand dollars out of that sum *for his* private pocket it will be a subject for wonder.

THAD STEVENS' proposition to divide Texas into three States by Rump act, is rank treason to the Constitution. The Constitution says: "No new State shall be formed or erected within the jurisdiction of any other State." Thad's object is to get six Radical nigger Senators instead of two.

ELECTION returns from all the counties of Alabama were received at Montgomery more than ten days ago, but Satrap Meade *refuses* to allow them to be published or examined. The probability is that they are getting fixed up fraudulently to show a sufficient vote for the negro "constitution" to carry it.

THE Radical State Convention, at Philadelphia, on Wednesday, declared for Grant and Curtin *for President and* Vice President, and re-nominated Hartranft for Auditor General and Campbell for Surveyor General. Useless labor.

RESIGNATION.—Attorney Gen'l Stanbery has resigned, in order to take part as counsel for the President in the impeachment trial. Mr. Johnson has the matter under consideration, and will doubtless accept the resignation.

THE Radical managers of impeachment presented their "articles" on Wednesday week, with ridiculously ceremonious mummery. Clap trap will not cover the hollowness nor relieve the *infamy of* the whole proceeding.

THE REMAINING PLANKS.—The Jacobins now have but two planks left in their platform. The one is negro supremacy and the other despotism.

WHAT sweetmeats did they have in the ark? Preserved pairs.

GEN. GRANT AS A GAY DECEIVER.

"Mack," the Washington correspondent of the Cincinnati Commercial, has had another *interview with the President* and writes as follows concerning the Johnson-Grant affair:

"Mr. Johnson referred to that part of Gen. Grant's correspondence in which the General asks him to reduce to writing the order given to him verbally, to disregard any order received from Stanton, unless he knew it to emanate from the Executive. 'Here,' said he, 'Gen. Grant asserts that I had given him such a verbal order. I never did anything of the kind. *It was he himself* who first suggested that I could take such a course as to reduce Stanton *to a mere clerk,* and it was this suggestion from him, and not any verbal order from me, that first brought the subject up in that light.'

"At this point the President produced a letter from Gen. Sherman, dated Saturday evening, January 18. Sherman says that it was the intention of himself and Grant to call on Stanton, on the following Monday, to resign the office of Secretary of War, but he learns that Grant must go to Richmond, and he to Annapolis, so that they can't call on Stanton on Monday, but will do so at some other time, and insist that he shall resign. Then Sherman goes on to say *that if* Stanton won't resign it will be time enough to look to 'ulterior considerations.'

"'Now,' said the President, 'these ulterior considerations were nothing else than the suggestion of Grant himself that Stanton should be treated as a mere clerk, and confined strictly to the execution of the duties imposed upon him by the letter of the law. And yet, having suggested this and urged it upon me, he writes me a letter asking me to reduce my verbal order to writing. It was his own verbal order, not mine. Yet he makes it appear from his letter that the *first intimation came from me,* and that he never said a word about it until I had spoken of it. That's a fair specimen of the way he has been acting all along. This whole matter is not the first nor the only time he has played that part. It's only one of a great many instances in which he has grossly deceived me. I got a dispatch one day from Georgia, telling me that Meade and Jenkins had been in consultation, and that it was probable that Meade would remove Jenkins. I sent for General Grant, and he came over. *I showed him the dispatch* and told him I would not like Jenkins to be removed until I could hear something more about the matter. He assured me that he would see to it that Jenkins was not removed. I thought this was enough; but judge of my surprise when the next day I learned that Jenkins was removed. I don't believe Grant interfered at all, though he distinctly promised me he would. That is the kind of game he has been playing all along.'"

MISCEGENATION.

Jenner township, Somerset county, polls about 300 Radical to 50 Democratic votes, usually giving about 250 Radical majority. In this hot-bed of fanaticism, the doctrine of miscegenation has taken deep root. Some time since the daughter of a prominent citizen of that township eloped with a negro, and now we learn from the Somerset *Democrat* that "Solomon Boyer (white) was married, the other day, to widow McKelvery (colored,) and David Deetz (colored) to Polly Thomas (white)." Such are the natural consequences of the teachings of Radicalism.—*Bedford Gazette.*

STEVENS ON LINCOLN.—No wonder the Radicals have stopped building their proposed "monument" to the late lamented Lincoln! Here is the way in which their king and captain, Thad. Stevens, talks about the martyred dead:

> Yet Andrew Johnson, assuming to establish an empire for his own control, depriving Congress of its just prerogative, did erect North Carolina and other conquered territories into States and relations, giving them governments of his own creation, and appointing over them rulers unknown to the laws of the United States and who could not by any such laws hold any office therein.

Of course, says the *World,* the substitution of "Andrew Johnson" for Abraham Lincoln in this paragraph must be a blunder of the reporter. The leader of the Radical party, the "great commoner," cannot be presumed to be ignorant of the political history of the year 1865. As it was Abraham Lincoln who "assumed to establish" the North Carolinian empire in question, and as "impartiality" is the besetting sin of the Radicals, we look to see a resolution introduced requiring the remains of the late "usurper" to be dug up and hung in chains as were those of Cromwell and Bradshaw and the rest of them after the restoration of the Stuarts.

FOR three years the *Radical leaders* have been turning the country upside down and bringing distress and loss upon every class of people in the effort to combine in Congress legislative and executive powers *in* defiance of the limitations of the organic law.

THE trial of Warren Hastings, governor of India, required seven years. The Rads tell us the "trial" of the President of the United States will be over in seven days.

Mr. NIBLACK remarked, the other day, that the Radicals, having Africanized the institutions of the country, are now trying to Mexicanize them.

IT is stated that Stanton *positively* promised Grant that he would resign if Grant would turn over the office to him.

Spring.—The beautiful and enjoyable days of spring are with us. Up with your hats, boys—hurrah!

Change.—John C. Zouck, of New Oxford, has disposed of his store to Messrs. Frey & Snell, of York county, who take possession on the first of April.

Revenue Taxes.—The attention of those concerned is directed to an advertisement in regard to Revenue Tax assessments, by Hon. Wm. McSherry, District Assessor, in another column.

Union Depot.—A bill was read in the State Senate, on Tuesday, authorizing the Hanover Branch, Littlestown and Gettysburg Railroad Companies to establish a union depot in Hanover.

National Cemeteries.—In the U. S. Senate, on Friday, Mr. Ramsey introduced a joint resolution authorizing the Secretary of War to take charge of the Gettysburg and Antietam National Cemeteries.

Nominated.—Victor C. Barringer, formerly a student in Pennsylvania College, is the Radical candidate for Governor in North Carolina. *If elected,* it will be almost exclusively by negro votes—a very doubtful honor.

Appointed.—Rev. B. C. Suesserott, formerly of Chambersburg, and a graduate of the institutions here, has been appointed Principal of the High School at Springfield, Ill., an institution of wide repute in the West.

Damage Bill.—The House at Harrisburg, on Monday, agreed to make the bill giving damages to the citizens of Adams, Franklin, Fulton, Bedford, York and Cumberland counties, for property destroyed by rebels, the special order for next Tuesday evening.

Whereabouts.—We find the following paragraph in the Grand Rapids (Michigan) *Eagle* of the 29th ult.:—

"Philip Allison, from Gettysburg, Pa., desires to know the whereabouts of his brother Jacob Allison, who recently removed from Grand Haven to this vicinity. Word may be left at the Eagle office or the Bronson House."

Col. A. K. McClure, of Chambersburg, intends to make his future home in Denver, Colorado, and will leave next May. It should be borne in mind that the Col. will lecture here on the 23d instant, on "Mormonism." Tickets may be had at A. D. Buehler's, R. Horner's and M. Spangler's. An interesting lecture may be expected.

Professor Elected.—The Rev. E. V. Gerhart, of Lancaster, has been elected by the Eastern Synod of the German Reformed Church, to fill the chair of Didactic Theology in the Mercersburg Theological Seminary, made vacant by the death of Rev. Dr. Harbaugh. The new Professor will be inaugurated at the next annual meeting of the Synod, at Hagerstown.

Railroad Meeting.—We notice in the York *Gazette* a call for a meeting at the Brogueville Tavern, in Chanceford township, *that county, to-morrow,* to consider the propriety of constructing the proposed Railroad to Peachbottom, *direct* from York, instead of intersecting with the Northern Central at Hanover Junction. "Divided counsels" have killed many a public enterprise.

Sales.—David Hoke has purchased the property of Thomas Himes, in New Oxford, for the sum of $6,000—a large two-story brick building, with a large bank barn, carriage house, &c., with about one acre suited for building lots.

Jacob W. Cress has sold his house and lot in Straban township to John Spangler for $1,200 cash.

Good Prices.—At the sale of Hezekiah Latshaw, in Franklin township, on Saturday last, six horses constituting one team realized $1,403,50. The horses were sold separately, and were knocked down to different parties at the following prices, viz: $269, $253, $258.50, $203, $210, and $210.

The sale of Wm. Wible, in Straban township, on Thursday and Friday, realized over $3,460. As high as $19.87 was obtained per head for Sheep of the Cotswold breed.

Both these sales were very largely attended, both having been extensively advertised.

Railroad Accident.—On Tuesday morning last an ore train was badly smashed on the Hanover Branch, a short distance below Hanover. An axle of a front car breaking, caused the piling up of those in the rear, and thus no less than thirteen, all loaded, were wrecked. The rest of the day was required, with hard work, to clear the track, though passengers were conveyed over the road as usual, they being required to walk around the "smash up." The evening train came through.

The Ice Gone.—The sunshine of the past week melted the snow so gradually as not to cause the "high waters" feared by many. The ice, thick as it was, has almost entirely disappeared from the streams, and we have heard of but one instance of material injury done by it—the washing away of a part of the pier under the county bridge near Hoke's mill, in the eastern section of the county. There may be others, but as we have not heard of more, cannot think there are many worthy of note. Thanks for the happy escape from the damage feared.

A Farmer writing to Baugh & Sons, says he used their Raw Bone Phosphate last spring, and found it to be all its friends claimed for it—used it on corn, broom corn, potatoes, strawberries, and the various kinds of vegetables, with the most satisfactory results. Another one says, owing to the excessive wet weather his corn did not mature properly, but he is satisfied where he applied the Phosphate there was 50 per cent. more corn than where it was not used. Another used it on eight rowed yellow flint corn, which he found to be larger and more prolific than formerly—the ears being 11 to 12 inches long, and three-fourths of the crop showing 12 to 14 rows per ear—this land was in a high state of cultivation and had never given such results before.

The originals of the above letters may be seen by any farmer who will call upon the manufacturers of Baughs' Raw Bone Phosphate. 1t

Blanks.—Common, Executors' and Administrators' Deeds, Mortgages, Common and Judgment Bonds, Amicable Actions, Promissory, Judgment and Waiver Notes, Summonses, Supoenas, School Orders and Statements, and all other BLANKS—printed on the best of paper, and with clear type—can always be had at the COMPILER office.

Coe's Cough Balsam—The great popular Remedy for Coughs, Colds, Croup, Whooping Cough and Consumption.—Both sizes—ordinary 4 oz., also mammoth family bottles—for sale by all druggists and dealers in medicines. No family should be over night without it in the house.

Information for Housekeepers.—As spring is at hand, and our lady readers will soon have to take down and set away their parlor and sitting room stoves, some instructions as to how they should treat them before placing them away for the summer may not be considered inappropos. One who speaks from long experience recommends common stove blacking, well put on and set with elbow grease. Many persons are in the habit of putting their stoves in the cellar during the summer, never thinking that the dampness acts as a powerful destructive agent upon them. They should be placed in an upper chamber or the garret, well blackened and cleaned, and there will be no danger of rust. Attention to this may save considerable expense in the course of a year, and preserve stoves for a longer time than if otherwise treated.

A Feline Curiosity.—Professor Glover has recently added a new attraction to his museum in the Department of Agriculture, it being no less than a cat imported from Angora, Asia Minor, the *famous goat* region, and much resembling that animal, having a long and silky white fleece, with a long heavy tail. This is said to be one of the best of the cat species, being very domestic in habit and an expert mouser. Enormous prices have been paid for this breed to be placed in museums of natural history, and by the nobility and savans of Europe as pets. The cat now on exhibition is one of three imported by Hon. Israel S. Diehl, with a view to try the experiment of domesticating them in this country.—*Washington Chronicle.*

The Editor of the "Democrat," Davenport, Iowa, endorses Hoofland's German Bitters, in the columns of his paper, as follows:

"*Hoofland's Bitters.*—In another column will be found the advertisement of this sterling remedy. To it, the writer of this notice owes his health. Having once been completely prostrated by diseases contracted in campaigns in Louisiana and Mississippi, we were unable to *regain our health by following regular* remedies, but were cured by a few bottles of this medicine. It is the greatest known Tonic, and is entirely free from all Alcoholic admixture." Hoofland's German Tonic is a combination of all the ingredients of the Bitters, with *pure* Santa Cruz Rum, orange, anise, &c., making a preparation of rare medical value. It is used in cases where some Alcoholic Stimulus is necessary. Principal Office, 631 Arch St., Philad'a, Pa.

Dr. H. Anders, a German chemist and a member of the Medical Faculty of New York city, after fifteen years' research and experiment, has discovered a method of dissolving Iodine in pure water. This preparation (Dr. H. Anders' Iodine Water) has cured many cases of scrofula, ulcers, cancers, &c., that had *resisted the action of all other remedies.*

Sacramental Wine.—A pure and unintoxicating wine, prepared from the finest native grown Port Grapes, especially for the use of Christian churches, and guaranteed to retain its grateful flavor and essential qualities unimpaired for any period, by A. Speer, Passaic, N. J. and 208 Broadway, New York.

Our druggists have some that *is* four years old.

De Soto when he visited the shores of America, sought long and arduously for the "Spring of perpetual youth," that those who bathed therein might never grow old in appearance. People of our day have in part discovered a substitute for this unfound spring in Ring's Vegetable Ambrosia, a *few applications of* which gives to white or gray hair that dark, strong and glossy appearance peculiar to youthful beauty. If any of our readers doubt this, let them try a bottle and be convinceed of the truth of our assertion.

Of the almost innumerable number of preparations in the market for restoring *gray hair to its original color,* we know none of which gives so universal satisfaction as Ring's Vegetable Ambrosia. We have tried it and found it to restore the color in a truly wonderful manner—as well as to remove dandruff and all itching caused by humors of the scalp. Try it and be satisfied.

Song of Iron.

I am mighty in the saber,
Fiercely wielded by the brave;
Glorious in the stalwart steamer,
Laughing at the storm and wave.

Beauteous in the palace pillars,
Saving in the pointed rod,
As it brings the deadly lightning
Quelled and harmless to the sod.

But there is a glorious essence,
Where I take my grandest power,
Giving to the BACK my surest,
Sweetest aid, in danger's hour.

See! before me fly diseases!
See the darkest hydras bow!
See the rose of health and beauty
Take the palest cheek and brow.

Fly, dyspepsia! fly consumption!
Yes, all ills are crushed at length!
For I give what human nature
Only ever needed—STRENGTH!

Shall I tell in what great essence
I can thus your spirits cheer up?
Pallid, trembling, dying sufferer,
'Tis the famed "PERUVIAN SYRUP."

THE PERUVIAN SYRUP is a protected solution of the Protoxide of Iron, *a new discovery in* medicine that strikes at the root of disease by supplying the blood with its *vital principle or life element—Iron.*

DR. DUPONCO'S GOLDEN PERIODICAL PILLS FOR FEMALES. Infallible in correcting Irregularities, Removing Obstructions of the Monthly Turns, from whatever Cause, and always Successful as a Preventive.

It is now over thirty years since the abovecelebrated Pills were first discovered by *Dr. DUPONCO,* of Paris, during which time they have been extensively and successfully used in most of the public institutions, as well as in private practice, of both hemispheres, with unparalleled success, in every case, and it is only at the "urgent request" of the thousands of ladies who have used them, that he is induced to make the Pills public for the alleviation of those suffering from any Irregularities whatever, as well as to prevent an increase of family where health will not permit it.

ONE PILL IS A DOSE.

Females peculiarly situated, or those supposing themselves so, are *cautioned against using these* Pills while in that condition lest they "invite miscarriage," after which admonition, the Proprietor assumes no responsibility, although their *mildness will prevent any mischief* to health otherwise the Pills are recommended as a MOST INVALUABLE REMEDY for all those afflicting complaints so peculiar to the sex.

ONE BOX IS SUFFICIENT.

10,000 Boxes have been sold within Two Years. Ten Thousand Boxes sent by Mail, both by myself and Agents, to all parts of the world, to which answers have been returned, in which ladies say, *nothing like the above Pills have been known* since the Science of Medicine dawned upon the world, in Removing Obstructions and Restoring Nature to its Proper Channel, Quieting the Nerves and bringing back the "Rosy color of Health" to the check of the most delicate.

DICTIONARY OF THE BIBLE.

IT contains OVER ONE THOUSAND closely printed, double column, octavo pages, from new electrotype plates, on good paper, and is appropriately illustrated with over TWO HUNDRED engravings on Steel and Wood, and a series of fine authentic maps.

It is highly commended by all learned and eminent men, and by the press generally throughout the country, and is the best book of the kind in the English language.

DO NOT BE DECEIVED.

Owing to the unprecedented popularity of this work, a small English abridgment adapted to juvenile readers, in duodecimo form, of about 800 pages, has been reprinted by another firm in larger type, and spread over 800 octavo pages, evidently—by making a book larger than its original—to give the impression that it is our edition. It contains LESS THAN ONE-HALF THE READING MATTER OF OUR COMPREHENSIVE EDITION; but to those who desire this juvenile edition, we will, early in March, 1868, furnish the English work, far superior to the American, at $2 75 per copy. Send for Circulars giving full particulars.

FIRST OF APRIL.

Many of our subscribers will no doubt change their places of residence on or about the first of April, and will require a corresponding change in the direction of their papers. We trust that all such will give us timely notice, not only stating the name of the office to which they desire the paper sent in future, but also the office at which they now receive it. This will save considerable trouble.

—In this connection it may also be mentioned that we have a number of heavy obligations to meet this spring, and must depend on those indebted to help us out. *All* who owe us, whether in amounts of two dollars or ten, are therefore most earnestly urged to do by us as they would be done by—pay up immediately!

PROPHECY FULFILLED.—"If the infernal fanatics and Abolitionists ever get power in their hands, they will override the Constitution, set the Supreme Court at defiance, change and make laws to suit themselves, lay violent hands on those who differ with them in their opinions or dare question their infallibility, and finally bankrupt the country and deluge it with blood."—*Daniel Webster.*

A RESOLUTION has been adopted by the Ohio House of Representatives, to inquire by what authority the Quartermaster-General, by the direction of the Governor and Adjutant-General, had drawn from the State Arsenal arms belonging to the State, and distributed them among a secret military order called "The Grand Army of the Republic." Smoke them out!

STANTON cost hundreds of poor soldiers their lives by refusing to exchange "sound men for skeletons." He is now costing the country millions of dollars daily by the efforts of the Rump to keep him in office where he is not wanted and to which he has no right.

THREE-FIFTHS of the offices in South Carolina will be filled by negroes. The Secretary of State and probably the Lieutenant Governor will be negroes. What do you say to that, white men of the North?

OF
"KEYSTONE SKIRTS,"

ARE the best and CHEAPEST LOW PRICED Hoop Skirts in the market. Trail Skirts, 25 springs, $1.00; 31 springs, $1.20; and 40 springs, $1.45. Plain Skirts, 6 tapes, 20 springs, 80 Cents; 25 springs, 95 Cents; 30 springs, $1.15; and 35 springs, $1.25. *Warranted in every respect.*

"Our OWN Make" of "UNION SKIRTS," Eleven Tape Trails, from 20 to 50 springs, $1.20 to $2.50. Plain, Six Tapes, 20 to 50 springs, from 95 Cents to $2.00. These Skirts are better than those sold by other establishments as first class goods, and at much lower prices.

"Our OWN Make" of "CHAMPION SKIRTS" are in every way superior to all other Hoop Skirts before the public, and only have to be examined or worn to convince every one of the fact. Manufactured of the best linen-finished English Steel Springs, very superior tapes, and the style of the metallic fastenings and manner of securing them surpass for durability and excellence any other Skirt in this country, and are lighter, more elastic, wear longer, give more satisfaction, and are really cheaper than all others. *Every lady should try them.* They are being sold extensively by Merchants throughout this and the adjoining states at very moderate prices. If you want the best ask for "Hopkins' Champion Skirt." If you do not find them, get the merchant with whom you deal to order them for you, or come or send direct to us. Merchants will find our different grades of Skirts exactly what they need, and we especially invite them to call and examine our extensive assortment, or send for Wholesale Price List.

To be had at Retail at Manufactory, and of the Retail Trade generally, and at Wholesale of the Manufacturer only, to whom all orders should be addressed.

Manhood: How Lost, How Restored.

JUST published, a new edition of Dr. Culverwell's Celebrated Essay on the *radical cure* (without medicine) of Spermatorrhœa, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy, and Fits, induced by self-indulgence or sexual extravagance.

Price, in a sealed envelope, only 6 cents.

The celebrated author, in this admirable essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically.*

This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, postpaid, on receipt of six cents, or two post stamps. Also, Dr. Culverwell's "Marriage Guide," price 25 cents. Address the Publishers,

THOROUGH CULTIVATION.

Here are some facts, stated by Dr. Volkner in a lecture on the atmospheric nutrition of plants, before the Royal Agricultural Society, as to the importance of aereting and pulverizing heavy soils. But one of the difficulties met with in their cultivation is that of performing it at exactly the right time. If clayey land is ploughed when too wet, it is next to impossible to reduce it to good order by after treatment; and if too dry, it is an exceedingly laborous task to do anything with it. The necessity of constant watchfulness on the part of the farmer is never greater, than in the exercise of due judgment as to the time, as well as sufficient diligence in the amount of culture he gives his land.

Let us briefly state some of the advantages of thorough cultivation. It invoies;

"1. The mechanical pulverization of the soil, giving a better seed-bed, and making the particles more accessible to the action of the roots.

"2. Better drainage, the soil being moist and mellow where it would otherwise be baked and hard.

"3. The co-operation of the atmosphere in farther decomposing the comminuted particles of soil, and setting free the mineral elements for the growing plant.

"4. The absorption from the atmosphere of a greater portion of its ammonia and carbonic acid for the direct nourishment of vegetable life.

"5. The increased effect of manures, from their more complete intermixture, and consequently more perfect action.

"6. The cleansing of the lands from weeds, which not only abstract the nourishment due to the growing crop, but also generate successors, continually multiplying themselves from year to year.

"7. The better condition of the field for machine work; it dulls the knives of a reaper or mower, and leads to frequent breakages, to cut through the clods on the roughly seeded fields."

It should not be forgotten how efficient an agent in the pulverization of a heavy soil is the alternate freezing and thawing of winter. By autumn ploughing to effect this, more can be accomplished than by much labor otherwise applied. Under-draining also contributes greatly to the same end. And while much that has been said above applies especially to heavy lands, it must not be forgotten that it has a wider bearing. "Sandy loams," says Robert Russel, "are benefited more than any other class of soils by tillage, which increases their absorbing powers." These qualities fit them especially for turnip husbandry. So also in America the sandy loams are well suited for maize, and its culture in summer.—Deep cultivation, more especially in dry climates, is a most important means of increasing the retentive and absorbent qualities of light soils. The benefits of cultivation are apparent from the fact that grasses on sandy loams are liable to be scorched by the drought of summer, to a greater degree than the turnips in a well drilled field.—*Mass. Ploughman.*

HOW FOWLS GRIND THEIR FOOD.

On this subject, S. Edward Todd discourses as follows: Fowls have no teeth to grind or masticate their food with, and the best they are able to do with it is to peck it to pieces and swallow it whole. Kernels of grain are swallowed *whole* by them, and as they are surrounded by a tough pellicle or skin, which the juice of the stomachs of the animals will not readily dissolve or digest, they could obtain no nourishment at all from grain if this tough pellicle were not broken. Now, if we dissect the gizzard of a fowl of any kind, we find a lot of small gravel stones, which are usually the hardest kind of flint, granite or sand stone. Surely here is a pocket edition of farm grist mills.

Fowls swallow their food, broken or not, and it enters the crop or first stomach, and remains in it until is has become softened, more or less, when a small quantity at a time, just as grain runs into a grist mill, is forced into the gizzard among the gravel stones. This gizzard is a strong muscular stomach, and plays night and day, when there is a grist to grind, similar to bellows, contracting and expanding, thus forcing the gravel stones into the grain, and breaking it into fragments, and triturating the whole mass; after which it is in a suitable condition to be quickly disgested.

VALUE OF POULTRY MANURE.

There is no manure made on a farm so valuable as that of poultry. One ounce of it properly diffused in half a pound of soil, and placed in a hill of corn when planted, will be as powerful a fertilizer as ten times its weight in barn-yard manure. A foreign writer says:

"In France, as well as in our own country, most eminent chemists have proved by analysis that poultry manure is a most valuable fertilizer, and yet, for want of proper system in housing poultry, it has as yet not been rendered available to rural economy. The celebrated Vauquelin says that when the value of manures is considered with relation to the amount of azote they contain, the poultry manure is one of the most active stimulants; and when, as a means of comparison, the following manures are taken, in parts of 1,000, it will be found that—

Horse manure contains	4.0	part azote.
Guano as imported	40.7	"
Guano when sifted of vegetable, &c	53.9	"
Poultry manure	83.0	"

A LARGE deposit of phosphates has been discovered near Charleston, S. C., which it is believed is destined to add immensely to the wealth of that section, as it is said to be equal in value to Peruvain guano.

A CORRESPONDENT of the *Gardener's Monthly* says he tried six varieties of strawberries last season and found the Hovey's Seedling to produce the sweetest and highest flavored berry.

PLANT peas *deep.*

SOME people never think of a revenue stamp when writing a letter; yet some letters require stamping as much as a note or deed. Under the internal revenue laws, letters acknowledging the receipt of either drafts, checks or money, exceeding $20, are subject to a stamp duty of two cents, the same as if a formal receipt had been given for so much money. This fact is sometimes forgotten, or is not known, even by good business men.

A PEBBLE picked up by a child at the Cape of Good Hope, and used as a plaything, turns out to be a diamond worth twenty-five thousand dollars.

AGENTS AND DEALERS IN

respectfully inform the public that they are prepared to furnish Pianos of the following manufacture or of any other make that may be preferred:

Albright, Reikes & Schmidt,
Chickering & Son, Bradbury,
Knabe & Son, Gale & Son,

ESTEY'S CELEBRATED

COTTAGE, HARMONIC AND BOUDOIR *ORGANS AND MELODEONS.*

These Instruments stand unrivalled by any thing found in this country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed Tone, pronounced them vastly superior to all others for exceedingly quick articulation and round Tone, the essential feature in instruments of this class. We invite the severe scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a life time of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-Bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years.

☞BRASS BANDS supplied with instruments and music at reasonable terms.

A liberal discount allowed for Churches and Sabbath Schools.

☞Instructions given both in Vocal and Instrumental Music, at our rooms, and at pupils' homes, either to individuals or classes, on reasonable terms.

The Grover & Baker.—The Best in Use.

THESE Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been attained by no other Machine. They are the only machines that sew and embroider with perfection. These Machines are peculiarly adapted to Family use. They are noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money,* and do their work better than it can be done by hand.

The undersigned having been appointed Agent for the above Machines, has established an Agency in Fairfield, Adams county, where he will always have on hand a supply. Persons wishing to buy will please call and examine for themselves.

☞Needles and Thread will also be supplied.
